

Sponsor & Exhibitor Opportunities

2026 ANNUAL CONFERENCE
July 10-11, 2026
Panama City

Support the Future of Brain Science from the Very Beginning

We are pleased to invite you to sponsor the **2026 FIT'NG Annual Conference**, taking place **July 10-11, 2026, in Panama City, Panama**.

The FIT'NG Society (Fetal, Infant, Toddler Neuroimaging Group) is a vibrant and interdisciplinary community of researchers dedicated to advancing neuroimaging science during the prenatal and early postnatal periods - the most formative years of human brain development.

Early brain development represents a critical window for shaping long-term health. Understanding how the brain develops in early life is essential for informing prevention and intervention. Our mission is to accelerate discovery through innovation, multidisciplinary collaboration, and best-practice dissemination.

Based on previous events, we anticipate approximately 200 attendees from around the world, including neuroscientists, psychologists, clinicians, computer scientists, biomedical engineers, and public health professionals. The FIT'NG annual conference provides a unique opportunity to engage with a highly specialized and growing field. Whether your organization offers imaging hardware, analysis tools, software solutions, or other research services, this is an ideal platform to showcase your brand, connect with decision-makers, and support scientific advancement in early brain development.

We extend our sincere thanks to past FIT'NG partners and warmly welcome new organizations interested in supporting our mission. Together, we can build a collaborative partnership that supports scientific innovation and societal impact.

About FIT'NG

The Fetal, Infant, Toddler Neuroimaging Group (FIT'NG) was founded in the Fall of 2018 by Drs. Marisa Spann (CUIMC), Dustin Scheinost (Yale), Alice Graham (OHSU), and Lilla Zöllei (MGH/HMS). It is composed of interdisciplinary scientists who have an interest in elucidating early developmental contributions of the brain to behavioral outcomes and the influence of prenatal and postnatal adversities.

The network provides a forum for early childhood neuroimaging scientists, including EEG, fNIRS, MRI, MEG, OCT, histology, DOT, ultrasound, and other modalities that supports this goal through advancements in scan procedures (to enhance data quality), data processing and analyses procedures, and direct application through neuroscience discoveries. A primary objective is to take the lead in establishing guidelines for best practices within this new and evolving field. FIT'NG provides a forum across three core areas: methodological development, education/training advancement, and data sharing and integration.

Why Sponsor FIT'NG 2026?

Our annual conference and training workshops bring together a global network of over 200 leading scientists, clinicians, and emerging researchers across neuroscience, psychology, psychiatry, biomedical engineering, computer science, and public health. Sponsorship options allow you to increase your company's recognition and introduce your products to the community. Sponsorship is more than just visibility - it's a chance to invest in cutting-edge science, connect with leaders in early brain development, and shape the tools and technologies driving this rapidly advancing field.

Engage with a Specialized and Growing Community

Engage directly with approximately 200 leading and emerging researchers in the rapidly growing field of fetal, infant, and toddler neuroimaging. FIT'NG members are highly engaged researchers, who actively seek innovative technologies, analytical tools, and scientific resources to advance their work. Your sponsorship gives you direct access to principal investigators, postdocs, graduate students, and clinicians committed to innovation in early brain science.

Premium Branding & Visibility

Position your company as a leader and advocate for early brain science. Gain exposure before, during, and after our annual meeting via our digital platforms, webinars, and educational events. Sponsors will be prominently recognized on our website, in conference materials, digital communications, and on-site signage. Opportunities for in-person visibility include exhibit tables, branded materials, and session sponsorships, ensuring your company is associated with innovation, excellence, and global collaboration.

Flexible Sponsorship Opportunities

Choose from a range of sponsorship opportunities tailored to meet your goals - from exhibit space and logo placement to sponsored sessions, networking events, and support for trainee travel or poster awards. Opportunities are available both at the annual conference and during specialized training workshops throughout the year. We'll work with you to create a package that maximizes your visibility and impact within the FIT'NG community.

Sponsor Levels

GOLD

\$6000 (2 available)

- Presenting sponsor for 1 premium session: 1 Keynote session available, 1 Reception available
- Right to introduce selected sponsored session
- Exhibit Table included
- 2 Full Exhibitor Rep registrations
- Confirmation announcement (50 words) in Society Eblast with hyperlinked logo
- Hyperlinked Logo on all Society Eblasts for balance of sponsor term
- Hyperlinked Logo on Annual Conference Website
- Full page ad in Digital Conference Program (PDF)

SILVER

\$3000 (4 available)

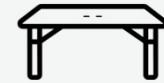

- Presenting sponsor for 1 regular session: 2 symposia available, 4 invited speaker sessions available
- Right to introduce selected sponsored session
- Exhibit Table included
- 1 Full Exhibitor Rep registration
- Confirmation announcement (50 words) in Society Eblast with hyperlinked logo
- Hyperlinked Logo on all Society Eblasts for balance of term
- Hyperlinked Logo on Annual Conference Website
- ½ page ad in Digital Conference Program (PDF)

BRONZE

\$1500 (5 available)

- Presenting sponsor for 1 basic session: (1 'Elephant in the room' session available, 2 refreshment breaks available, 2 refreshment break with Poster Session available)
- Exhibit Table included
- 1 Full Exhibitor Rep registration
- Confirmation announcement (50 words) in Society Eblast with logo
- Logo on all Society Eblasts for balance of sponsor term
- Logo on Annual Conference Website
- ¼ page ad in Digital Conference Program (PDF)

EXHIBITOR

\$1000 (unlimited)

- 1 Exhibit Table
- 1 Full Exhibitor Rep registration
- Confirmation announcement (50 words) in Society Eblast with logo
- Logo on all Society Eblasts for balance of sponsor term
- Logo on Annual Conference Website
- ¼ page ad in Digital Conference Program (PDF)

ALL LEVELS INCLUDE:

Verbal recognition at opening/closing sessions • Dedicated slide as part of meeting room holding slides • Logo on Thank You signage (Printed) • Logo on Thank You slide in meeting room/holding slides • Logo on Thank You page in Digital Conference Program (PDF) • Exhibitor write up (50 words) in Digital Conference Program (PDF) *only for sponsors with exhibit table • Invitation to submit a poster for inclusion in the poster session • Additional Exhibit Representative Registration: \$300 per rep

Additional Sponsorship Opportunities

Lanyards for attendees

\$1000

(plus production cost)

**EXCLUSIVE
OPPORTUNITY**

Sponsor Poster Awards

\$500

(three \$100 poster awards
presented onsite)

**EXCLUSIVE
OPPORTUNITY**

Trainee event: Breakfast with professors

\$700

**EXCLUSIVE
OPPORTUNITY**

Sponsor Travel Awards

\$500

per sponsorship
((\$300 toward awardees))

**UNLIMITED
OPPORTUNITY**

HOW TO BECOME A SPONSOR
